

ARE SMART METERS HARMING YOU???

Why Worry About 'Smart' Meters?

SMUD replaced safe analog meters with digital wireless meters in the Sacramento area. These surveillance devices monitor energy consumption behavior and send biologically harmful pulsed microwave radiation bursts an average of 13,381 times a day. SMUD deceptively published only six per day.

Smart meters emit radio frequency (RF) radiation and high voltage frequency transients known as 'dirty electricity' (DE) into your home, creating serious health and environmental problems.

Many people are experiencing mysterious health symptoms, fires, damage to appliances, blown fuses, and increased utility bills related to smart meters. Police, governmental agencies, and other third parties have access to precise information about your private life without consent in violation of your constitutional rights.

Smart meter technology is also vulnerable to cyber-hacking, putting your privacy and security at risk.

Take back your power and demand a safe analog meter!

Problems with smart meters include:

- Adverse Health Impacts
- Fire and Safety Risks
- Privacy Issues
- Inflated Billing

What type of meter do you have?

ANALOG METER

SMART METER

What can you do?

Call SMUD (916) 732-7281

**Demand the Analog Meter
and accept nothing else!**

This eye-opening documentary unveils the smart meter agenda being rolled out worldwide without public consent.

WARNING

**NOT SMART
NOT GREEN
NOT SAFE**

**RADIO FREQUENCY
HAZARD**

Utility customers have reported new or worsening health problems since smart meters have been installed on their home or in their neighborhood.

Smart meter health symptoms include . . .

- Sleep problems (insomnia, difficulty falling asleep, night waking, nightmares)
- Stress, agitation, anxiety, irritability
- Headaches or migraines, sharp pain or pressure in the head
- Ringing in the ears, ear pain, high pitched ringing or buzzing (tinnitus)
- Concentration, memory or learning problems (ADD/ADHD/dementia)
- Fatigue, excessive drowsiness, muscle or physical weakness and pain
- Disorientation, dizziness, or balance problems
- Eye problems, including eye pain, pressure in the eyes, blurred vision
- Cardiac symptoms, heart palpitations, heart arrhythmias, chest pain
- Pacemaker defibrillation problems
- Leg cramps or neuropathy
- Arthritis, body pain, sharp, stabbing pains, pulsing sensations
- Nausea, flu-like symptoms, vomiting
- Sinus problems, nose bleeds
- Respiratory problems, cough, asthma, difficulty breathing
- Skin rashes, facial flushing
- Urinary problems
- Endocrine disorders, thyroid problems, diabetes
- Body temperature problems (too hot or too cold)
- High blood pressure
- Changes in menstrual cycle
- Hyperactivity or changes in children's behavior
- Seizures
- Recurrence of cancer, worsening of existing conditions
- Anxiety, depression or suicidal thoughts
- Weight loss

Over 200 anti-smart meter groups have organized worldwide. Five state attorney generals have stated on record that smart meters do not make economic sense.

Get Your Analog Meter Back!!!
